ANNUAL REPORT 2008 - 2009

SCHEDULE ANNEXED TO AND FORMING PART OF THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2009

SCHEDULE N : SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS

A. SIGNIFICANT ACCOUNTING POLICIES

1) GENERAL

The financial statements are prepared on historical cost basis except for revaluation of certain fixed assets, on the accounting principles of a going concern and in accordance with the applicable accounting standards. All expenses and income to the extent considered payable and receivable, respectively, with reasonable certainty are accounted for on accrual basis.

2) USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosures of contingent liabilities on the date of financial statements and reported amounts of revenue and expenses for that year. Actual result could differ from these estimates. Any revision to accounting estimates is recognised prospectively.

3) FIXED ASSETS

Fixed Assets are stated at cost of acquisition less depreciation and adjusted by revaluation in case of certain assets. Depreciation on all assets is provided on the Straight Line Method at the rates and in the manner specified in the Schedule XIV to the Companies Act, 1956. In respect of revalued assets, the incremental depreciation attributable to the revalued amount is transferred from the Revaluation Reserve. In case, the recoverable amount of the fixed assets is lower than its carrying amount, a provision is made for the impairment loss.

4) FOREIGN CURRENCY TRANSACTIONS

Transactions in foreign currencies are recorded at the exchange rates prevailing on the date of the transaction and subsequent gains/losses are recognised on realisation/ updation. Year-end monetary assets and liabilities are translated at year-end exchange rates and the resultant translation profits/losses are recognized in the profit and loss account.

5) EMPLOYEES BENEFITS

Short term Employee Benefits are estimated and provided for. Post Employment benefits and other Long term Employee Benefits are treated as follows:

Defined Benefits Plans:

- Gratuity: Provision for Gratuity is made on the basis of actuarial valuation on projected Unit Credit Method as at the end of the year.
- Long term compensated absences: Provision for Leave encashment is made on the basis of actuarial valuation as at the end of the year.

Actuarial gains/losses at the end of the year accrued to the defined benefit plans are taken to Profit & Loss Account for the respective financial year and are not deferred.

6) INVESTMENTS

Investments are stated at cost unless there is a diminution in the value of investments, other than of temporary nature; in which case, the investments are stated at their fair values.

7) INCOME TAX

Provision for current tax is made on the basis of relevant provisions of the Income Tax Act, 1961. The deferred tax for timing differences between the book and tax profits for the year is accounted for, using the tax rates and laws that have been substantively enacted as of the balance sheet date. Deferred tax assets arising from timing differences are recognized to the extent there is virtual/reasonable certainty that these would be realised in future.

Provision for Fringe Benefit Tax (FBT) is made on the basis of expenses incurred on employees / other expenses as prescribed under the Income Tax Act, 1961.

8) BORROWING COSTS

Borrowing costs attributable to the acquisition or construction of qualifying assets are capitalized as a part of cost of such assets upto the date when such assets are ready for its intended use. Other borrowing costs are charged to revenue.

9) PROVISIONS AND CONTINGENT LIABILITIES

Provisions are recognised for liabilities that can be measured only by using a substantial degree of estimation, if

- the Company has a present obligation as a result of a past event,
- a probable outflow of resources is expected to settle the obligation and
- the amount of the obligation can be reliably estimated.

Where some or all of the expenditure required to settle a provision is expected to be reimbursed by another party, such reimbursement is recognised to the extent of provision or contingent liability as the case may be, only when it is virtually certain that the reimbursement will be received.

Contingent Liability is disclosed in the case of:

- a present obligation arising from a past event, when it is not probable that an outflow of resources will be required to settle the obligation.
- a possible obligation, unless the probability of outflow of resources is remote.
